## OBJECTIVE

Detail-oriented Computer Science student with experience in web development, research methodology, and technical writing. Aiming to contribute analytical thinking, backend development skills, and curiosity-driven learning to a technology-focused or research-oriented role.

## EDUCATION

### VIT Bhopal University

Bachelors in Computer Science Engineering

Bhopal, MP

Graduation Date: Sep 2028

## PROJECTS

### VITB Clubs

#### Full-Stack Web Application Developer

- Developed a full-stack club discovery platform using Flask, MySQL, Bootstrap, HTML, CSS, and JavaScript.
- Implemented search functionality and integrated contact forms to enable efficient club discovery and communication.
- Designed and managed backend database schemas and server-side logic to support dynamic content delivery.
- Deployment-ready web application with modular and scalable architecture.

### QuizMyTech

#### Dynamic Quiz Platform

- Built an interactive quiz platform using Flask and REST APIs to deliver personalized user experiences.
- Implemented dynamic question handling and API-driven workflows for real-time quiz interactions.
- Focused on user experience optimization and backend logic for scalable performance.
- Production-ready application, pending deployment.

## LEADERSHIP / EXTRACURRICULARS

### GSoC Innovators Club

#### President

Bhopal, MP

Sep 2025 - Present

- Expanded club membership by 300%, growing from 14 to 57 members, and strategically organized 8 specialized teams—including Tech, Design, PR, HR, Projects, Research, Content, and Outreach—to streamline operations and enhance team collaboration.
- Amplified the club's digital footprint by executing targeted social media campaigns that increased online followers by 150%.
- Spearheaded the upcoming launch of a Virtual Tech Newsletter expected to reach an audience of over 1,000 industry professionals within the first quarter.

#### PR & Outreach Lead

Feb 2025 - Sep 2025

- Negotiated and finalized a comprehensive sponsorship agreement with UnStop, achieving title sponsorship status that amplified event visibility and brand recognition among over 400+ participants.

### Cisco Community

#### Event Management Co-Lead

Bhopal, MP

Jul 2025 - Nov 2025

- Facilitated the recruitment and interview process for over 15 potential team members, accelerating onboarding timelines by 30% and ensuring a diverse pool of qualified candidates to strengthen team capabilities.
- Streamlined team collaboration processes through implementing standardized protocols, which improved internal communication effectiveness by 40% and contributed to a cohesive event management workflow.

#### Core Member

Nov 2024 - Jul 2025

- Designed and implemented creative decor arrangements that enhanced event ambiance, leading to a 30% increase in attendee satisfaction scores based on post-event surveys.
