OBJECTIVE

Computer Science undergraduate with hands-on experience in frontend web development using HTML, CSS, and JavaScript, focused on building responsive, interactive, and user-centric web interfaces. Strong background in research methodology and analytical writing, with interests spanning frontend engineering and research-oriented roles. Currently learning React and modern component-based UI development.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), Responsive Design, UI Development
- **Tools:** VS Code, GitHub, Figma, Canva, MATLAB
- **Frameworks / Libraries:** Bootstrap, Basic React, Flask
- **Languages:** C++, Python, JavaScript, MySQL
- **Concepts:** Research Methodology, Academic & Technical Writing, DOM Manipulation, UI State Handling

PROJECTS

Personal Portfolio | <https://aarushi-saki-portfolio.vercel.app/>

- Designed and developed a responsive personal portfolio to showcase projects, skills, and leadership experience
- Implemented structured layouts, smooth navigation, and interactive UI elements with a mobile-first approach
- Focused on usability, visual hierarchy, and clean frontend architecture

VITB Clubs

- Developed a full-stack club discovery platform using Flask, MySQL, Bootstrap, HTML, CSS, and JavaScript.
- Implemented search functionality and integrated contact forms to enable efficient club discovery and communication.
- Designed and managed backend database schemas and server-side logic to support dynamic content delivery.
- Deployment-ready web application with modular and scalable architecture.

QuizMyTech

- Built an interactive quiz platform using Flask and REST APIs to deliver personalized user experiences.
- Implemented dynamic question handling and API-driven workflows for real-time quiz interactions.
- Focused on user experience optimization and backend logic for scalable performance.
- Production-ready application, pending deployment.

Event Management Website

- Developed a multi-section, scroll-snapped event management website featuring dynamic navigation, testimonials, and event galleries
- Implemented interactive UI components including a hamburger sidebar menu, profile dropdown, modal-based event details, and infinite scrolling testimonials
- Designed responsive grid-based layouts for event categories and image galleries, emphasizing visual hierarchy and user engagement
- Structured frontend codebase for scalability and reuse; project maintained on GitHub (not deployed)

RESEARCH WORK

Policy Credibility, Monetary Tightening, and the United Kingdom's Economic Downturn

- Authored a comprehensive research paper analyzing the UK's 2022 economic instability amid inflation, fiscal shocks, and monetary tightening
- Examined the role of policy credibility, fiscal communication, and institutional signaling in currency depreciation and bond market stress
- Applied qualitative analysis of macroeconomic indicators, policy statements, and secondary literature

CERTIFICATES

- **Python Essentials:** Vityarthi
- **Fundamentals of AI and ML:** Vityarthi
- **MATLAB Certified:** MathWorks
- **Cloud Computing:** NPTEL

EDUCATION

VIT Bhopal University

Bachelors, Computer Science Engineering

- **GPA:** 9.16

Sep 2028

EXTRA CURRICULARS

GSoC Innovators Club

President

Sep 2025 - Present

- Expanded club membership by 300% (14 → 57 members) through structured outreach and engagement initiatives
- Amplified the club's digital footprint by executing targeted social media campaigns that increased online followers by 150%.
- Spearheaded the upcoming launch of a Tech Newsletter expected to reach an audience of over 1,000 students

PR & Outreach Lead

Feb 2025 - Sep 2025

- Negotiated and finalized a sponsorship agreement with UnStop, securing title sponsorship that increased event visibility and brand recognition among 400+ participants, leveraging sponsorship management and cross-team collaboration

Cisco Community

Event Management Co-Lead

Jul 2025 - Nov 2025

- Facilitated the recruitment and interview process for over 15 potential team members, accelerating onboarding timelines by 30% and ensuring a diverse pool of qualified candidates to strengthen team capabilities.
- Streamlined team collaboration processes through implementing standardized protocols, which improved internal communication effectiveness by 40% and contributed to a cohesive event management workflow.

Core Member

Nov 2024 - Jul 2025

- Designed and implemented creative decor arrangements that enhanced event ambiance, leading to a 30% increase in attendee satisfaction scores based on post-event surveys.
